There are many variations of&nbsp;passages of&nbsp;Lorem Ipsum available, but the majority have suffered alteration in&nbsp;some form, by&nbsp;injected humour, or&nbsp;randomised words which don&rsquo;t look even slightly believable. If&nbsp;you are going to&nbsp;use a&nbsp;passage of&nbsp;Lorem Ipsum, you need to&nbsp;be&nbsp;sure there isn&rsquo;t anything embarrassing hidden in&nbsp;the middle of&nbsp;text. All the Lorem Ipsum generators on&nbsp;the Internet tend to&nbsp;repeat predefined chunks as&nbsp;necessary, making this the first true generator on&nbsp;the Internet. It&nbsp;uses a&nbsp;dictionary of&nbsp;over 200 Latin words, combined with a&nbsp;handful of&nbsp;model sentence structures, to&nbsp;generate Lorem Ipsum which looks reasonable. The generated Lorem Ipsum is&nbsp;therefore always free from repetition, injected humour, or&nbsp;non-characteristic words etc.
